

S K LOKESH

Bengaluru, Karnataka, India · +91 99865 78113 · sklokes777@gmail.com · linkedin.com/in/s-k-lokesh-a09160313

Final-year B.Com student (Class of 2027) and CFA Level I candidate applying to Commercial & Investment Bank Research & Analytics – Securities Services (Alternative Fund Services) in Bengaluru, with the aim of building a career in fund accounting, portfolio accounting, NAV production, financial reporting and investor reporting. Delivered portfolio analytics at India's largest listed wealth manager: automated rolling-return computation across 120+ funds in Python (~90% less manual effort), reconstructed and reconciled 5+ years of transaction history for cost-basis accuracy, and modelled PMS/AIF fee structures that surfaced INR 4.2 lakh of annual client savings. Brings quantitative rigour, a controls-first approach to reporting accuracy, and daily hands-on use of AI-enabled research tools.

EDUCATION

Bachelor of Commerce (B.Com) | St. Joseph's College of Commerce (Autonomous), Bengaluru **2024 – 2027**
Affiliated to Bengaluru City University · NAAC A++ accredited (4th cycle) · Final year; expected graduation 2027
Relevant coursework: Financial Accounting, Corporate Finance, Investment Management, Business Statistics, Taxation, Economics
Class XII – Pre-University (Commerce) | Seshadripuram Independent PU College · Karnataka State Board **93% · 2024**
Class X – Secondary School Certificate (SSLC) | St. Anthony's Boys' High School · Karnataka State Board **80% · 2022**

PROFESSIONAL EXPERIENCE

360 ONE Portfolio Managers Limited | Finance Intern – Wealth Management **May – Jun 2026**
India's largest listed wealth manager (NSE/BSE listed; INR 6 lakh crore+ client assets); PMS, AIF and mutual fund solutions for HNI and family-office clients · Bengaluru, India

- **Portfolio analytics & automation:** Engineered a Python framework (pandas, openpyxl) that computed 6M/1Y/3Y/5Y rolling returns from NAV histories for 120+ mutual funds across Large, Mid, Small and Flexi Cap categories, cutting manual data processing time by ~90% and standardising output for advisory review.
- **Reconciliation & cost-basis analysis:** Reconstructed 5+ years of transaction history from Script Cashflow reports to reconcile cost basis and compute LTCG/STCG liability on 6 equity instruments held by an HNI family portfolio, applying post-Budget 2024 tax rates.
- **Fee & expense modelling:** Modelled PMS/AIF fee structures across 9 holdings (1.94% weighted-average fixed fee) and quantified an INR 4.2 lakh annual saving by moving a 10-fund mutual fund portfolio from regular to direct plans.
- **Reference data & Bloomberg:** Maintained a 4,000+ security BSE/NSE dataset using Bloomberg BDH/BDP formulas and mapped client holdings against internal model portfolios to generate Buy/Sell/Hold recommendations for Investment Counsellors.
- **Client reporting & presentation:** Co-authored a 30+ slide institutional deck on active vs. passive fund performance – rolling alpha, hit rates and alpha dispersion by market-cap segment – used by advisory teams in client discussions.

Guanella Preethi Nivas (Preethi Nivas Trust) | Social Intern **May 2025 (60 hours)**
Charitable home for destitute elderly men run by The Guanellian Society; 50+ residents · Bengaluru, India

- **Records & documentation:** Rebuilt resident records, daily activity logs and medical-room inventory for a 50+ resident facility – categorising and labelling pharmaceutical supplies – improving retrieval speed during medication rounds and emergency response.
- **Controls, compliance & safety review:** Ran facility safety audits – fire-extinguisher expiry checks, hazard documentation and disaster-awareness signage – to support safety compliance, and prepared the PowerPoint decks and structured reports used by staff.

LEADERSHIP & EXTRACURRICULAR

National Service Scheme (NSS), St. Joseph's College of Commerce | Treasurer (elected) **Bengaluru, India**

- Elected treasurer of a 100+ member unit; own the annual budget, fund allocation and expense records across unit programmes.
- Completed 2 rural exposure camps (8 days each), running community development surveys and field projects alongside volunteer teams.

Independent Equity Markets Research | Self-directed **Ongoing (2+ years)**

- Active retail investor applying a multi-factor screening framework (valuation, momentum, quality) across Indian equities using Screener.in, Chartink and TradingView; maintain a personal watchlist and trade log.
